Pickling Onions

Celery

Cucumbers

Pickling Spices of all kinds.

McIntosh Red Apples

We have the supply and the price.

Crates or Wrapped.

B. M. ROBERTS

THE MAN WHO DOES THINGS

Prepare For

Church Bazaar

The Bazaar of the United Church will take place sometime in November. This is only a matter of a few weeks. Numerous pieces of work which were given out at the beginning of the year have not yet been turned in. It is earnestly requested that such be finished and returned as soon possible that the committee in charge

may have some idea of the number of saleable articles on hand. There are many others who may be glad to help by a donation of work which would be thankfully received by the committee in charge. Any information may be obtained from the president Mrs. D. Watkins or the fancy work committee Mrs. Hoskins and Mrs. Freeze.

George Bane, widely known rancher and proprietor of the Bar U ranch, died in Calgary on Thursday morning.

Jesse Gouge is Liberal Candidate

Jesse Gouge was nominated to contest the riding of Bow River in the liberal interest at the forthcoming Dominion elections. Mr. Gouge, who is a coal operator of Drumheller has been a candidate previously in this riding and should make a strong candidate. H. Cooper is the Champion member of the executive.

Construction on the completion of Calgary's new milling plant being built by Spillers of England, has been started, and the plant will be ready to handle the crop of 1926. The completion of the plant will cost \$800,000 and there will be \$2,000,000 in machinery.

On account of illness it was impossible for John F. Millerr, eye sight specialist to keep his appointment at the hotels in Carmangay and Champion but will make his visits at an early date.

More than 20 prisons in England have been entirely closed since 1914, and the 40 remaining in use are only partly filled at any time. The total prison population today in England is less than 60,000, as compared with 167,000 ten years ago. Prisons that are no longer needed are being sold by the prison commission.

Dance next Wednesday.

CHURCH BULLETIN

Rev. J. Lee announces the following services for Sunday next, Sept. 27.
11 a.m.—Sunday School Rally Day Service. Special program.
3 p.m.—Service at Blusson School. Sermon subject, "Conscience."
7:30 p.m.—Service at Champion. Sermon by Mr. Lee, selection by the choir. All welcome at these gatherings.

Watch Your Step!

Look Out for That First Cold

That's the greatest danger—the first cold of fall. Right now while you think of it get a box of Laxa Cold Tablets and the minute a cold appears take a few doses. They will stop a cold in about 24 hours, if taken in time. Watch your step this year and don't let yourself get tied up with the flu.

CHAMPION DRUG CO.

Druggists and Chemists.

W. I. Dance Well Patronized

The W. I. dance on Friday night was a complete success and was thoroughly enjoyed by those who attended, despite very bad roads and a dark night. The local orchestra excelled themselves in the quality of music supplied. The receipts were quite satisfactory.

On Oct. 8th the Barons W. I. will entertain several branches, including Champion, from 2 to 5 p.m.

About 100 farmers have taken land in the Lethbridge Northern Irrigation district. About 60,000 acres in this scheme are now under crop, an increase of 20,000 acres over the estimate for 1925.

Sinclair Wright, Mrs. C. A. Wright, and Mrs. Dils, after several postponements due to muddy roads, started on their return trip to California on Sunday morning. The trip is being made via Calgary and the Banff-Windermere highway.

The Annual Conference of the High River and Little Bow Constituency of the Alberta Women's Institute, will be held in the Community Hall, Banff, on September 29th.—Mrs. F. C. Alecock, Champion Constituency Convenor.

The ten commandments of advertising were drawn up by an American some years ago. Here they are: "Be human. Be interesting. Be easy to understand. Be easy to read. Be humorous, when you can. Be unusual. Be unexpected. Be subtle. Be tempting. Be positive."

APPLES!

Those Big
Red Ones

Buy Them by the Box

CAMPBELL'S

"Where They All Go."

Friday & Saturday
Sept. 25-26

Colleen Moore in "So Big"

A REMARKABLE PICTURE OF A WONDERFUL WOMAN

Friday & Saturday
Sept. 25-26

HOW BIG? When you leave the theatre to-night it'll ring in your ears and you'll be asking yourself—"How Big?"—and you'll be thinking of Selma whom life couldn't down—and how great she made the life that was hers to live—So many things you'll think about and, maybe, when all is quiet and you're all alone you'll think again and then maybe you'll be saying to yourself—How Big Am I?

Coming Next Wednesday, September 30th, HOOT GIBSON in "LET HER BUCK."

Coming Next Friday and Saturday, October 2-3, "GOLD HEELS."

WILL STIMULATE MOVEMENT OF NEW SETTLERS

Edmonton.—Addressing a large gathering at a dinner given him by the board of trade here, W. E. Beatty, chairman and president of the Canadian Pacific Railway, announced a new arrangement entered into between the Canadian railways and the government, by which, he said, it was hoped to very materially stimulate the movement of desirable immigrants to Canada. Under this agreement, the two railway companies, through their colonial departments, have been given a free hand to select, transport and distribute all colonists who can be properly assimilated in Canada, with the further privilege of issuing the necessary permits for their admission, subject to the requirements of the statute and to the medical and physical fitness of the applicant.

"As a result of this agreement," said Mr. Beatty, "it may be seen in view of the favorable harvest conditions existing in the west, to look forward to a renewal of the movement of those who are greatly needed in solving the serious problems we are now faced with in Canada."

Russian Prisoner For Eleven Years

Bonn, Germany.—After eleven years imprisonment in Russia, during which he made several unsuccessful attempts to escape, Paul Coss, the sculptor, finally has reached Bonn. During the Russian campaign of the German army in 1914, Coss was wounded and taken prisoner. When he recovered, he declared, he was assigned to a Russian working squad and put at hard labor. He repeated attempts to escape were frustrated until this year, when Coss and three companions succeeded in crossing the border.

Many Chinese Towns Surrounded By Water

Beiping.—The government announced that it was beginning shipment of gold reserves to the United States, the first consignment of \$100,000,000, leaving September 29. Other shipments will be made at intervals thereafter. This release of specie reserves is regarded as an indication of the early removal of the gold embargo.

Japan Ships Gold Reserves

Tokyo.—The government announced that it was beginning shipment of gold reserves to the United States, the first consignment of \$100,000,000, leaving September 29. Other shipments will be made at intervals thereafter. This release of specie reserves is regarded as an indication of the early removal of the gold embargo.

Kept Going On Water Diet

New York.—Living for five weeks on water only and not eating a day's worth during that period, Wenceslaw, a mill worker, has just concluded a fast for his health. Although he lost 44 pounds, Wenceslaw says he "feels much better."

Arctic Coming Back

Ottawa.—The Canadian expedition to the Arctic region this year has been unable to reach its objective—Nacho Peninsula—and under command of Captain Borden, the expedition is now returning. It is expected in Quebec about October 1.

Best For Massey

Toronto.—Durham Liberals, at their convention, endorsed the federal nomination in that county to be Hon. Charles Massey, who was sworn in as a member of the King cabinet. Mr. Massey said he would take a few days to consider the matter.

Closed Season For Chickens

Winnipeg.—A closed season for birds, chickens, partridge and grouse has been proclaimed in Manitoba, by order-in-council. Strictly of the variety of wild fowl was given as the reason for the order.

Test Speeder Plane

Mitchellfield, Ill.—An aeroplane which can attain a speed of 200 miles an hour is being tested here. It is said the world's record is 275 miles an hour.

W. N. U. 1925

A Remarkable Expedition

Major Burwash Attempting Overland Trip Along the Northwest Passage

Ottawa.—When Baron Byrd's northward drive to the Arctic Ocean ended on August 1 at Akkavik, the northernmost point of civilization, another remarkable expedition began, and, unless unforeseen interferences, it will be terminated about 15 months from now. Major J. T. Burwash, P.I.O.S., who accompanied his excellency the governor-general to the Arctic coast, immediately afterwards commenced the first one-man trip along the so-called Northwest Passage from west to east.

From what is known by officials of the department of the interior here, Major Burwash is now at Coronation Gulf, about one quarter of the distance across the north and the east coast of the Dominion. The trip from Akkavik to Coronation Gulf was done by boat. From the Gulf for the remainder of the long, hard journey, Major Burwash will travel by foot. These men have travelled on the north coast of the Dominion, but the slight doubt that he will weather the long tramp.

Report Christians From Mosul Territory

Turks Send Entire Population of Bajje Over Frontier

London.—The Turks have deported from two to three hundred Christians from the territory in the northern part of Mosul region. It is learned from authoritative sources. They encircled the village of Bajje and the majority of Christians, and sent the entire Christian population over the frontier. The Christians arrived absolutely destitute, having had nothing to eat for several hours and their plight was pitiful.

The Turks, it is stated, also intend to deport eight thousand Christians from the Gazy region, and the Christian population there is in a panic.

The British do not regard the Turkish action as a military posture, but as an illustration of what would happen to Christians if the Turk was to get possession of Mosul.

Airmen Watching Turks

Troops On Frontier Waiting Decision In Mosul Dispute

London.—Four thousand Turkish troops, according to an observer just arrived from Iraq, are waiting for the provisional Mosul frontier ready to advance if the League of Nations Council gives an adverse decision in the continuing settlement of the Mosul boundary dispute. This information declared that British airmen are keeping a sharp watch on the Turkish forces.

Agreed On Debt Payments

Bucharest.—A useful step in the dispute of the Balkan peace is apparent in the agreement between Bulgaria and Roumania regarding Bulgaria's debt to the latter country. By the terms of the agreement Bulgaria will pay Roumania \$1,500,000 for Roumanian property seized by the Roumanian army in the Balkan region, and world war and land belonging to Roumanian subjects expropriated by Bulgaria. The payment will be spread over four years.

Prohibition For Weekend

Warsaw.—The Polish government has prohibited the sale of alcoholic beverages from 2 p.m. on Saturday until 10 a.m. Monday. An exception to the decree is beer with a maximum of two and one-half per cent. alcohol. Enforcement of this prohibition has led to a series of mass demonstrations in several of the larger cities of Poland.

Millionaire Sportsmen Are Fined

Winnipeg, B.C.—For violating the provincial game regulations, Cornelius V. Whitney, son of Harry V. Whitney, a well-known sportsman, and Harry P. Davidson, of Locust Valley, Long Island, both millionaires, were recently fined five and ten dollars respectively for violation of the regulations on the 10th day of July in jail before a magistrate here.

Canada's Trade Increases

Ottawa.—Canadian trade increased during August nearly \$60,000,000, as compared with August, 1924. A summary issued by the department of commerce shows that the grand total of exports and imports, including foreign merchandise exported, was \$194,385,448 last month, and in August, 1925, \$136,731,202.

Federal Tariff Commission

Montreal.—Joseph Daoust, local boot and shoe manufacturer, announced that he had agreed to represent the industry of Quebec on the federal tariff commission about to be established by the King Government. The commission will sit at Ottawa, but just when Mr. Daoust could not say.

Canada Will Co-operate

Dominion Is In Full Sympathy With League of Nations

General George Hewitt, Donsch, of Canada, addressing the League of Nations assembly, explained the position of Canada in regard to the Geneva protocol on peace and disarmament.

He said Canada was unable to ratify the protocol, for although she favored the principle of disarmament and disarmament, her peculiar position made it impossible for the Dominion to accept the protocol.

Senator Donsch quoted a statement made by Premier King early this year on the subject, concluding that Canada had full sympathy with the league and would co-operate in all efforts of the league tending to promote the well-being of mankind. This statement aroused applause.

Discuss Anglo-American Relations

Judge Says World International Court Of Justice Needed

Vancouver.—An address on the subject of "Anglo-American relations," by Mr. Justice W. A. Macdonald, of Vancouver, was the feature of the banquet which marked the close of the annual convention of the Pacific Northwest Klansin district here.

Appealing to reasoning power rather than to sentiment, he declared a strong case for the establishment of a world international court of justice amenable to settle disputes between nations, and declared it was his belief that the United States was a member.

AGREE ON PLANS TO RETAIN NEW FREIGHT RATE

Edmonton.—If by any chance the House of Commons is not in session on the application of the Montreal board of trade, to be heard September 29, agrees to retain the order requiring the rate on westbound export grain and flour, with that eastbound, immediate application will be made to the Canadian privy council for the hearing of an appeal against this decision. In order that the farmers of the west may not, without every possible effort to prevent it, lose the benefit of the equalized rate on this season's crop.

This decision was reached at a conference between Attorney-General Borden, of Alberta, S. B. Woods, K.C., Alberta's counsel in the freight rate case, and Attorney-General Curran, of Saskatchewan, held at Mr. Woods' office.

The attorney-general for the two provinces agreed upon a line of action for submission when the application of the Montreal board of trade is heard by the privy council on September 29, and since Attorney-General Curran of Saskatchewan will be unable, owing to other engagements, to represent his province at the hearing, Mr. Woods' services have been retained by both provinces, to oppose the application on their behalf.

The Harding Memorial Unveiled at Vancouver

Vancouver.—Bringing a message of goodwill, Jean H. Moss, of Milwaukee, president of the Kiwanis International, dedicated the Harding Memorial in Stanley Park in the presence of thousands of Vancouver citizens and large delegations from the United States. A feature of the address of the Senator Frank B. Willis, of Ohio, recognizing the United States Government, was the forecast that the United States senate would ratify the entrance of the United States into the world.

Reciprocal gestures were voiced

By Hon. Dr. J. H. King, Dominion minister of public works, who, in his message, expressed similar sentiments were read from President Coolidge, the premiers of Alberta, Manitoba, Ontario and British Columbia, and the leading citizens of Canada and the United States.

"Behold the Harding Memorial," declared the international goodwill movement to the century-long peace between Canada and the United States; a pledge to the safety and security of a loyal, lasting friendship between our respective peoples," proclaimed Mr. Moss as he unveiled the monument.

In opening his address he referred to the fact that President Harding, twenty-ninth president of the United States, was the first to set on foot the plan to build the monument.

SAYS WHEAT POOL PROVES TO BE A BIG SUCCESS

Winnipeg.—The more hopeful outlook of agricultural conditions in Western Canada today was largely attributed to the "success of the wheat pool," by R. A. Hoer, former M.P. for Springfield, in addressing the Winnipeg Rotary Club here.

The experiment so far has been an outstanding success," he declared. "Last year the pool had marketed 33,000,000 bushels of the total production of 245,000,000. The membership in the three prairie provinces was approximately 110,000, and total acreage involved over 17,000,000 acres."

Mr. Hoer is joining the publicity staff of the Manitoba pool, and is not seeking re-nomination for parliament.

Manitoba Progressives Active

Will Put Candidate In Every Rural Riding

Winnipeg.—Progressive party candidates will be put in every rural riding in Manitoba, according to an official statement made following a meeting of the provincial executive of the party here.

In most of the constituencies, standard bearers have been lined up, and the official statement from the executive stated that Manitoba Progressives who have served in the house during the last term are all prepared to enter the field again, with the exception of Hon. T. A. Cresser and R. A. Hoer, members for Marquette and Springfield respectively.

Robert Fowler, Progressive leader, will make a tour of the province, speaking, where possible, at nominating conventions. Hon. T. A. Cresser will speak at about Lake in connection with the nominating convention there September 22.

Refused Admission To U. S.

Communist Member of British House of Commons Is Not Wanted

Washington.—Shapurji Saklatvala, Communist member of the British House of Commons, has been refused admission to the United States to attend the Inter-Parliamentary Conference next month as a British delegate. Secretary Kellogg announced that instructions had been given to the consular officials of the state department not to grant Saklatvala. He explained that this action was taken under the immigration law because of inflammatory and revolutionary speeches made by Saklatvala in parliament and elsewhere, which have come to the attention of the state department only in the last few days.

"I do not believe," said Secretary Kellogg, "that any adult immigrant to the country to preach anarchy or a revolutionary overthrow of government."

Will Deport Chinese

New York.—One hundred and thirty-four Chinese in the United States are being deported, because Chinatown could not settle its difficulties peacefully and resorted to the revolver and knife of mob warfare.

British Foreign Office Blamed

Westminster Gazette Says Inquiry Into Cause of Egyptian Prince Should Be Made

London.—Prince Ahmed el-Said, of Egypt, who recently escaped from an insane asylum at Hastings, now is residing in the home of a relative, on the Sea of Marmara, near Constantinople. This information is contained in a letter received from the British ambassador in the city, to his friends in England.

The excitement of the journey across the channel to France and thence to Trieste, where he took a boat for Constantinople, greatly fatigued the prince, who will rest a few days before he is able to leave for Constantinople.

The Westminster Gazette declares that an inquiry is needed into the part played by the British Government in holding the prince in an asylum in England for almost a quarter of a century, and alleges that friends who attempted to effect the release of Prince Ahmed during the last twenty years met with rebuffs from the British government, and the latter committee, which refused to allow the prince to be examined by two independent specialists.

Certain eastern bankers, says the newspaper, have agreed to honor Prince Ahmed's checks, and if these are met with funds now controlled by trustees appointed by the Turkish Government, the matter will be presented to the League of Nations.

Coarse Grain Pool

Saskatchewan to Operate Pool This Season

Regina.—Decision to operate the Saskatchewan coarse grain pools was reached at the meeting of the directors of the Saskatchewan wheat pool at the headquarters here.

The new pools cover oats, barley, flax and rye, and the initial payment on these pools will be: Oats, 2 C.W., 24 cents; Barley, 2 C.W., 10 cents; Rye, 2 C.W., 10 cents.

Flax, 1 C.W., 11.50.

In addition to the 31,545 contracts now in the coarse grain pools, there are 100,000 contracts in the "old" haycocks awaiting trading or checking with their respective wheat contracts.

ALL PREVIOUS GRAIN LOADING RECORDS BROKEN

Winnipeg.—All Canadian grain records were broken on the western line of the Canadian Pacific Railway during the first 15 days of this month. The amount of grain marketed and loaded during this period has already exceeded the unprecedented figures of the famous crop of 1915.

The previous grain record of the road, which was made in 1923, has now been exceeded by 2,566,000 bushels. During the last 11 working days, 23,162,162 bushels of wheat, and 1,007,167 bushels of other grain have been loaded and loaded on western lines of the Canadian Pacific, making a total of 24,169,329 bushels.

No similar figures in the history of railroading have produced such colossal figures as these.

In the same period of this month, 12,488 cars of wheat, and 2,775 cars of other grain have been loaded, making a total of 15,263 cars and 21,242,607 bushels of grain.

This grain has been loaded in eleven working days, at the rate of 1,382 cars per day or slightly more than one car loaded per minute.

The nearest previous record for grain marketing was made in 1915, when the Canadian Pacific marketed twenty million bushels with 8,575 cars employed.

British Dole System

Restricts Emigration

Spirit of Adventure Being Killed Says Daily Mail

London.—The Daily Mail draws attention to the decrease in British immigration which, it declares, is being caused by the dole and pension. The paper states that the greatest demand for emigration today is coming not from the hundreds of thousands of young men and young women who are content to be workless while drawing the dole, but from the older men and women who are not yet deterred. In spite of the increasing unemployment in Britain, the total number of British emigrants in the last three years is less than last year. For the months of April, May and June last the returns show that 11,440 persons sailed for the dominions against 12,440 for the same period last year.

BALDWIN HAS MANY PROBLEMS FOR SOLUTION

London.—A meeting of the British cabinet will be called early this week, following the return of Prime Minister Baldwin, at which many questions, chiefly of domestic concern, are scheduled for discussion. The chief problem is the industrial situation and the consequent heavy unemployment.

Mr. Baldwin has called on the various departments for their plans for winter relief work.

The prime minister also will have to deal with the intrigues in his own party, which may force the re-election of the cabinet or early elections. Winston Churchill, Lord Birkenhead and Sir Robert Horne, with the support of Lord Beaverbrook and others, are said to be plotting the return of a coalition government under the leadership of David Lloyd George.

Mr. Baldwin is expected to get rid of the "traitors" or he may find his government too weak to carry on without them.

Hon. Matherwell

Secures Nomination

Will Be the Liberal Candidate For West Coast of Scotland

Regina.—Hon. W. L. Matherwell, federal minister of agriculture, was the choice of a convention at Medicine Hat, Alberta, for the nomination of the Liberal candidate for the Medicine constituency in the coming federal elections.

Mr. Matherwell was the selection of the convention from a field of four candidates who were balloted upon. The fifth nominee, Mr. Christie, of Medicine Hat, although he was not run against his old friend, Mr. Matherwell, only one ballot was necessary. Mr. Matherwell secured a clear majority over the other three candidates combined. They were: A. Leggett, Brudenay; F. J. Macdonald, Medicine Hat; and Hon. E. A. Macdonald, Medicine Hat.

Ask Relief For Bessarabian Jews

London.—An appeal for funds for the relief of Jewish children suffering from famine in Bessarabia, the province transferred from Russia to Rumania, is the result of the great war, has been made by the Federation of Christian Jews of Great Britain. The Jewish children, who are suffering from famine, are being developed rapidly and medical assistance is urgently needed.

Meligen To Contest Portage

Portage la Poudre, Man.—Eugene Meligen, a Liberal candidate for the Conservative party in the Federal House, was nominated to contest the constituency of Portage la Poudre in the next provincial election. Meligen was defeated by the election of this riding in the 1923 election.

Prings May Come West Next Year

Ottawa.—A special dispatch from Montreal to The Citizen says word has been received in Montreal that the Prince of Wales probably will visit Canada and the United States next summer, making a few weeks on his tour at High River, Alta., and then visiting some of the American friends he made last year.

Premier Bruce Flays Communists

Edmonton.—Austrian Communists attacked was made against Communists by Premier Bruce in an address during which he declared they had gained control in recent years of trade unions and were using it to aid in social revolution and the establishment of a dictatorship by them over the whole nation.

Premier King Coming

St. Peter's, N.S.—Speaking here, Premier Mackenzie King intimated that he would be in Saint John, Saskatchewan and Alberta following his present tour of the Maritime Provinces. He did not say whether the western tour would be extended to British Columbia.

THE CHAMPION CHRONICLE

R. N. Woodhull, Publisher.

Issued every Thursday morning from the office of publication at Champion, Alberta.

Subscription \$1.50 per year, payable in advance.

ADVERTISING RATES

Legal advertisements, 15 cents per line for first insertion, 12 cents per line for each subsequent insertion.

Advertisements of Wanted, Lost, Found, Stowed, etc., not exceeding one inch, 50c for first insertion 25 cents for each subsequent insertion.

Commercial rates on application.

THURSDAY, SEPT. 24, 1925

NOTES AND COMMENT.

Fears of a shortage of labor when threshing was resumed after the long period of wet weather were dissipated quickly when work was begun. There was a surplus of men rather than a shortage.

The reduced rates to the Pacific coast instead of amounting to over four cents per bushel made a difference of only one half to one cent per bushel, and even this has been offset by an advance in ocean rates. Even this slight concession has been appealed against by the C. P. R., and the hearing of their appeal, together with that of the province of Manitoba, will be heard on September 29th.

One feature of the proposed municipal hospital which is worthy of attention is the very large number of people who will not benefit in any way from it without paying \$10 per year. Practically one third of the population of Champion will be in this class and the percentage in the country is large.

With the sun shining and threshing in progress all over the district and assurance that the damage to grain in stock during the long period of wet weather was not as great as was anticipated, the spirits of the residents are again normal, which is equivalent to saying that everybody is busy and happy.

A number of W. I. members are motoring out to Golden Rule where they will be entertained by the members of Golden Rule on Thursday.

The W. I. conference at Brant on Tuesday will take a number of members from here. Cars leave early in the morning. Mrs. L. N. Groves is delegate from this branch.

After Ten Thousand New Members

Alberta grain growers are advised that the Alberta Wheat Pool has

inaugurated a new campaign for membership and that this campaign is being conducted on a different basis than others in the past, either in Alberta or the two other prairie provinces.

The wheat pool idea had its genesis in this province. Here the original plan was worked out. The legal details in connection with incorporation, the memorandum of association, the members' agreement and the by-laws, were first considered in Alberta, and, when carefully perfected, were the basis for the organizations subsequently brought into existence in Saskatchewan and Manitoba.

Much of the success of the pool method of marketing in Western Canada is attributable to the infinite care that was exercised in Alberta at the beginning when those in charge of organization laid their work in hand. Alberta paved the way. The wheat pool here has made remarkable progress. It has won the confidence of the people of this province. Those who entered it at the beginning are satisfied, and thousands who then waited to see how things would turn out have since been so impressed that they have joined the pool for the balance of the term of the contract namely, until the crop of 1927 is marketed.

The success of the last two years has encouraged the directors of the wheat pool to authorize a new canvass for members at this time. This campaign is now begun and it will be carried on till the end of the year. In the past all canvassing has been done voluntarily with no payment for services rendered, but President H. W. Wood and the board of directors feel now that it would be unfair to ask the workers of other campaigns, or new workers, to undertake further work along this line without some payment to offset the time lost and expense entailed in the task of securing contracts.

This membership campaign is therefore open to anyone who wishes to join in the canvass, but no commission will be paid to any member of the board of directors or to any employee of the association. Delegates and local secretaries are eligible to participate in the canvass and to receive commissions.

The commission is \$1.50 per contract. If the membership fee is paid in cash—the fee is \$3—the canvasser may remit \$1.50 to the head office of the wheat pool at Calgary and retain the balance as his commission. When the note form is signed by the grower on the contract sent in, the sum of \$1.50 will be sent by the head office to the canvasser, but it must be a bona-fide wheat producer of the province, the contract must be complete as to full name of grower, his address, location of land and number of acres sown to wheat in 1925, and the signature properly witnessed.

In all cases contracts must be accompanied by a canvasser's report, properly filled out, with the full name of the canvasser, and address, properly shown. This is necessary so that the head office may send the commission to the proper party.

Contract forms, canvasser's report forms, and self-addressed envelopes are being sent in all wheat pool delegates, wheat pool local secretaries, secretaries of U. F. A. locals, and municipal secretaries, to any of whom canvassers may apply for supplies, or they may send for supplies direct to the head office of the pool at Calgary.

J. FRED SCOTT LL.B.

billiards

promotes
good fellowship

A feeling of cordial fellowship always pervades every well conducted billiard room. Indeed every billiard table in a properly managed recreation center fairly radiates sociability and good fellowship.

Give billiards a trial on our tables. Meet more men. Broaden your field of opportunity. You will be impressed with the excellence of the equipment we have provided for the enjoyment of this fascinating game. You also will feel right at home when you sense the atmosphere of wholesomeness and refinement that always is so evident in this recreation center.

U. G. ANDERSON

Local and General

Mr. and Mrs. E. Mason motored into Calgary Tuesday.

Mrs. U. G. Anderson returned home having spent the week with Mrs. G. E. Voisy.

After practically fifteen days of cloudy and wet weather Sunday last was an ideal day.

Marvin Schroeder is still confined in the Holy Cross Hospital the incision still giving trouble.

C. J. Marshman has rented what is known as the old Vernon Wright farm from W. S. Gorsche.

R. Tyler's new implement office is practically completed and is a decided improvement to his premises.

The annual fall stock show and sale will be held in Calgary November 3rd to 6th. Prizes amounting to \$8000 will be offered.

Shooting parties are continuing their raids on the partridges and ducks. The former are particularly plentiful in this vicinity.

In error it was stated that Hill's Meat Market was being discontinued. Mr. Hill will be found in the old stand ready to do business.

Mrs. Field, mother of Mrs. F. J. Clapp, arrived here recently after a year spent near Sheldburne, Ont. She will reside here in future.

Prompt action by the village authorities in having the streets dragged after the recent rains has been generally appreciated by everyone who had to use them.

Dewar's International Collegians Symphonic dance orchestra will play for a dance in McCullough's hall on Wednesday, Sept. 30. See advt. else where in this issue.

A pictorial story of the recent exhibition and stampede in Calgary was received this week. It should certainly prove valuable literature in inducing attendance next year.

The Ladies' Aid will hold a bake sale in W. C. Hickins' store on Saturday evening, September 28th. Division 1 to Z please bring donations. Conveners Mrs. J. Lee, Mrs. P. M. Patterson.

Several threshing outfits in this vicinity began work on Wednesday morning, but in the majority of instances Wednesday noon and Thursday morning saw the beginning of operations.

A big sheep deal was arranged at Cardston last week between James Nielson, one of Southern Alberta's foremost sheepmen for years, and W. E. Piche, prominent farmer and machinery dealer of Cardston. Mr. Piche purchased the entire flock of sheep and also the big lease on the Blood Indian Reserve from Mr. Nielson. The deal involved \$88,000.

Any W. I. members wishing to attend the conference at Brant next Tuesday, please phone Mrs. Hummel not later than Monday evening. A charge of one dollar and fifty cents each will be made to offset the expense of the gas etc. Everyone try to go and make this the best conference yet.

Similar Rotation Would Apply Here

This Montana Idea Indicates Possibilities.

A successful rotation of crops which includes a good cash crop, grain, feed and ample pasture and hay for livestock and which at the time provides for the efficient use of tools and equipment, with farm work distributed evenly throughout the year, seems the desirable accomplishment of W. F. Jackson near Crow Rock, Prairie county, Montana.

Mr. Jackson has a section of land. He has set aside 400 acres for his cropping scheme, leaving 200 acres in permanent pasture. The 400 acres is divided into four units of 100 acres each. The first year he plowed up the first 100-acre unit of soil and planted it to corn. The second year he plowed up the second 100-acre unit and planted that to wheat, sweet clover and slender wheat grass on the first unit. The third year another 100 acres was plowed and planted to corn, the second unit was planted to wheat, sweet clover and slender wheat grass, and the first unit provided 100 acres of sweet clover and slender wheat grass hay. The fourth year another 100 acres was broken for corn, the third unit planted to wheat, sweet clover and slender wheat grass, the second unit provided sweet clover and slender wheat grass hay and the first unit was back to a good soil of slender wheat grass providing hay and pasture. The fifth year the slender wheat grass unit will be broken up and planted to corn and the rotation will start over again.

Under this system, Mr. Jackson plows only 100 acres of land a year and each year has 100 acres of wheat, 100 acres of corn, 100 acres of sweet clover and slender wheat grass hay and 100 acres of slender wheat grass pasture. His feed and hay is used for feeding milk cows and beef cattle, and he plans on getting hogs to run with the cattle. He snuffs off some of his corn for feed and the rest of the corn is pastured off or cut and fed from the stacks.

The rotation system has proved very satisfactory, providing steady, reliable

**Ed. Ellison Has
Leg Broken**

Ed. Ellison's team started up while a load of grain was being dumped from his wagon in the Alberta Pacific elevator and in an effort to stop them the wagon passed over his ankle, breaking one of the bones. He was removed to the Savoy hotel where he is receiving medical attention.

Gunder Nerison is now settled in his old stand, occupied this summer by Hill's Meat Market. The increased room available is being rapidly filled with new goods and his patrons may rest assured of real main street service in future.

The death of Mrs. Hoy Maynard is announced at Los Angeles, Cal. She was formerly Miss Mabel Standish and lived with her parents in Champion.

There was a large exodus of W. I. members to Alston on Thursday where the local institute was entertaining visitors from a number of outside points. A full account is promised for next's issue.

With the use of a new diving apparatus which permits work to a depth of 350 feet, salvage experts in England are planning operations for the recovery of all treasures lost at sea since the time of the Spanish Armada. The total value of sunken treasures is estimated at \$5,000,000,000, lying in various nooks of the seven seas.

There was a meeting in Vulcan on Wednesday of the directors of Vulcan Oils Limited, presided over by Mr. A. G. Spooner, president and manager, who is almost constantly in the field of operations and brought to the board a highly satisfactory report of continued success and progress. The meeting was for the consideration of details of business made necessary by the magnitude of the enterprise and the almost phenomenal speed of the drilling. The well in some respects has established some records unsurpassed in the oil business. The well is now down 2120 feet, at which depth the 12-inch casing will be set, and the drilling will continue.—Vulcan Advocate.

Royaltie No. 4 well, in the Turner valley, 45 miles southwest of Calgary, is steadily maintaining 43 huge production of high grade naphtha, an official figure on the August shipments from the well disclose. The figures are based on the actual shipments of naphtha from the Black Diamond plant of the company to Okotoks and show that the total shipped during August was 515,255 imperial gallons. This total, however, includes approximately 12,000 gallons of naphtha produced by the absorption plant from wells 1, 2 and 3, so that the net total shipped from the separators taking naphtha from No. 4 well was about 503,255 gallons. At 35 imperial gallons to the barrel this is approximately 14,379 barrels for August or 463 barrels per day.

PHONE 34 FOR PROMPT SERVICE

Ten Thousand Alberta Farmers

WITH

ONE MILLION ACRES OF WHEAT

Are now ready to join the Alberta Wheat Pool.

A commission of \$1.50 per Contract will be paid on all bona fide Contracts sent to Head Office

Between September 20th and December 31st, 1925

The Campaign is open to the public and a commission will be paid to all canvassers except members of the Board of Directors and Employees of the Pool. Delegates and Local Secretaries are eligible to canvass and receive commission.

CONDITIONS OF CAMPAIGN

- (1) All Contracts sent in must be complete as to signature of the grower, his Post Office address, land location, etc. If the Grower's name is not clearly written, print it.
- (2) A Canvasser's Report properly filled in must accompany each parcel of Contracts. This will show to whom the Commission should be paid.
- (3) Where the membership fee of \$3.00 is paid in cash by the signer, the canvasser may remit \$1.50 to Head Office and retain the balance as his commission.
- (4) Where the grower signs the note for \$3.00 the canvasser should see that the signature is properly witnessed. A commission of \$1.50 per contract will be mailed to the canvasser's address as shown on the canvasser's report accompanying the Contract.
- (5) Contract forms, Canvasser's Report forms, and self addressed envelopes, are being sent to all Wheat Pool Delegates, Wheat Pool Local Secretaries, U.F.A. Secretaries, and Secretaries of Municipal Districts, or you can write to Head Office for your supplies.
